Executive Summary

The year 2025 was a year of profound connection and growth for the Pluripotent Foundation. Driven by the belief that geographical boundaries should not limit a child's potential, we successfully utilized online platforms to bridge the gap between underserved students and experienced professionals.

Our community saw incredible expansion. We grew to a robust network of 68 global mentors, welcoming 34 new experts in 2025 alone. Together, we nurtured 27 dedicated mentees from remote districts across Nepal, logging 45 formal virtual mentorship sessions. From outstanding academic milestones—such as a 4.0 GPA in the SEE exams—to pioneering digital learning sessions using ChatGPT, Pluripotent Foundation has taken an outstanding initiative to turn raw ambition into real achievement.

About Us

The Pluripotent Foundation program was established to ensure that students hailing from remote or underserved areas receive essential guidance from experienced mentors, regardless of their location. By leveraging online platforms like Zoom, we ensure that meaningful learning, career guidance, and impactful mentorship can happen anytime, anywhere.

Vision

Every student should have access to quality mentorship, no matter where they live.

Mission

To connect students with mentors online, guiding them towards the right career path and a meaningful life.

Values

- Motivation – Encouraging students to do their best.
- Integrity – Being honest and transparent in what we do.
- Innovation – Using new and creative ways to mentor.
-

Who We Are ?

Pluripotent Foundation is run by a compassionate and dedicated team of professionals—including engineers, doctors, IT experts, government officers, and educators—who believe deeply in giving back to society by guiding the next generation.

US Core Team Members

01. Dr.Ramesh Sunar, DMD
Dental Surgeon & Entrepreneur

02. Rajesh Baraili, MSc(Phy)
Lead Engineer, Bank of America

03. Bidur BK, BE(CS),MSc(CS)
Sr. Engg. Manager , PHIL Inc.

04. Deepak Dewaly,MBA
Manager, CareSource

Operation LEAD

05. Karan Sirlwal, Nepal

06. Birendra Biswakarma, India

What We Do

We leverage digital connectivity to provide personal guidance to students through one-to-one and group mentorship. Through regular virtual interactions, we help students identify and grow their talents while providing engaging learning activities like debates, quizzes, and mock tests. Beyond academics, we focus heavily on improving crucial life skills such as communication, discipline, and confidence, seamlessly connecting students with mentors and peers across the world.

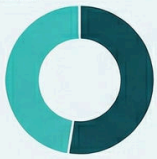

Key Activities

- Virtual Mentorship Sessions: Our mentors actively conducted 45 dedicated online sessions throughout the year, focusing on academic tutoring, career mapping, and emotional support. Additionally, our core team member Rajesh Baraili conducted a motivational session for SEE (Class 10) student Bishal B.K., guiding him on how to maintain self-motivation and manage time effectively before the SEE exam.
- Digital Learning Endeavors: We launched innovative skill-building Zoom classes, including Basic IT Learning, Basic Mathematics, Loksewa (Public Service) 1st paper practice, and specialized English speaking practice utilizing ChatGPT.
- Global Interactive Programs: We hosted vibrant cross-border group sessions, seamlessly connecting mentees and hosts across the USA, UK, India, and Nepal.
- Mentor Capacity Building: To ensure high-quality guidance, core team member Deepak Dewaly led comprehensive training sessions for 15 mentors between January and August. Additionally, our advisor Dr. Ramesh Sunar conducted a professional session for our mentor Dr. Sagar Bishwokarma, focusing on his career development and his contribution to supporting underprivileged students.
- Peer Leadership (Sr. to Jr. Sessions): We successfully initiated mentor-to-mentor and mentee-to-mentee guidance. For example, Senior Mentor Bharat Kumar Dash, Section Officer, conducted an exclusive mentorship session for Junior Mentor Sanjita Bishwakarma (BSc Ag) on Loksewa preparation. Additionally, a Class 10 student, Prashansa Rashaili, gracefully mentored a Class 8 student, Aasma Sunar, fostering a beautiful cycle of giving back.
- Strategic Core Meetings: Our core leadership team—Rajesh, Deepak, Birendra, Bidur, Dr. Ramesh, and Karan—met 9 times throughout the year to strategically steer the program's growth.

Our Mentees & Mentors on the Map

Our Mentees

Our Mentors

Impact

Our true success is reflected in the tangible progress of our mentees. In 2025, several of our mentees successfully passed their SEE exams and transitioned smoothly into higher education with the support of their mentors. Notably, Shankar Bishwakarma achieved a perfect 4.0 GPA and is now pursuing Science, while Sabin Shankar secured a 3.21 GPA.
Others have moved forward into technical education, such as Sushil Nepali (Diploma in Civil Engineering) and Kaushala Rasaili (Diploma in Pharmacy). Similarly, another mentee, Benu B.K., received a full scholarship at Karnali Academy of Health Sciences, Jumla, for a BSc Nursing course. She was mentored by Dr. Sagar Bishwokarma.

Challenges & Solutions

Reaching students in remote districts brings the inherent challenge of digital literacy and adapting to online communication. Since our model relies on internet connectivity and Zoom, ensuring students could effectively use these tools was a top priority. Solution: We proactively turned this hurdle into an opportunity by introducing "Basic IT Learning Sessions" directly into our programming, teaching mentees how to navigate the digital world and leverage modern educational tools to their advantage.

Testimony

MENTOR Dr. Neeru Diyali (MBBS), Chitwan

I am an MBBS doctor deeply committed to guiding and inspiring the next generation to enter medicine.

I joined Pluripotent Foundation because I believe timely mentorship can transform a student's dreams into a reality.

One of the special moments for me was seeing my mentee, Prasansha Rasaili, class 10 student, confidently express herself and her ways of studying.

I observed remarkable growth in her discipline, communication skills, clarity of goals, and overall confidence.

Mentorship truly bridges ambition and achievement, and I encourage more students and professionals to connect through Pluripotent Foundation.

MENTEE Prashansa Rasaili (Grade 10), Banke

My name is Prashansa Rasaili. I read in 10 standard and I am located in Kohalpur 5 banke (Nepal)

My mentor/Pluripotent Foundation was instrumental in boosting my confidence and transforming my study habits by introducing structured note-taking and time-management techniques, which helped me stay consistent with my workload.

I noticed significant improvements in my grades, particularly a boost in my math and science score ,and I feel much more prepared and less stressed before exams. And also improved my health.

My goal is to secure admission into a top university to become a successful doctor. Thank you so much for your guidance and support!

Testimony

MENTEE Bishal Bishowkarma (Grade 11), Baglung

My name is Bishal Bishowkarma, and I study in Class 11 from Nepal. Pluripotent Foundation mentorship helped me improve my study habits and taught me effective ways to manage my time. My mentor guided me on how to stay focused and motivated in my studies. Because of this mentorship, I have become more confident and disciplined in my daily routine. I have noticed improvement in my concentration and academic performance. My future goal is to achieve good results and build a successful career, and I am very thankful to Pluripotent Foundation and my mentor for their support.

MENTEE Aakriti Pariyar (Grade 12), Lamjung

नमस्कार मेरो नाम आकृती हो। म 12 कक्षामा अध्ययन गर्दै छात्रा छु। मेरो घर लमजुङ, बेसीशहर -11 तिति तिलाहार हो। मलाई मेरी मेन्टर सुष्मा म्यामले धेरै कुरामा सहयोग गर्नु भएको छ । उहाँले आफ्नै अनुभवका धेरै कुराहरू म सँग शेयर गर्नु भएको छ । जसबाट म मा पनि अझ अघि गई, कसरी पढ्ने, पढेका कुराहरूलाई कसरी सम्झिने जस्ता विभिन्न पढाइमा सधैँ म्यामले मलाई TIPS, idea दिनुभएको।
Pluripotent Foundation बाट मलाई आफ्नो कुरा धेरै व्यक्तिहरूका माझ नहरवराई राख्न सहायता गर्नु भएको छ। Pluripotent Foundation को मेंतोर्शिप जूम सेसन join मैले विभिन्न वर्गका विद्यार्थीका लागि पनि opportunity छ भन्ने कुरा थाहा पाए। मैरी Future Goal निजामती कर्मचारी हो। Pluripotent Foundation का सम्पूर्ण सर म्याम अनि मेरी mentor Susma म्यामलाई नजिकैबाट धेरै धेरै धन्यवाद र आभार चहान्छु। धन्यवाद!!!

Future Plan

Pluripotent Foundation is moving forward with strong momentum. We will expand our Digital Learning programs, including Loksewa preparation, Basic Mathematics, and AI-assisted English practice, to reach more students.

We are also launching two key initiatives — **Talent Search Examination (TSE) and Super 30** — to identify talented students and provide them with focused mentorship,academic support, and financial assistance.
With more mentors joining globally and deeper outreach in remote areas, we aim to create greater opportunities and lasting impact.

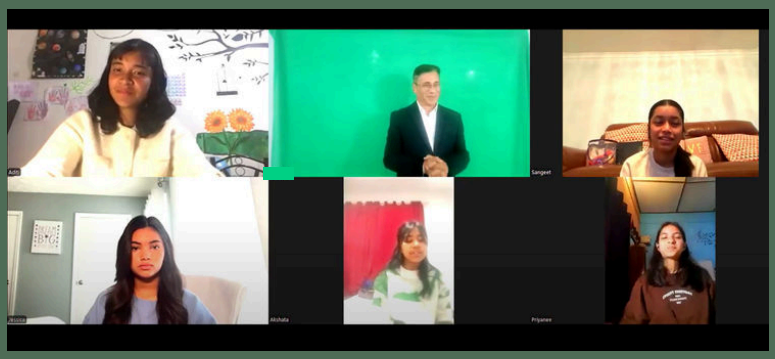

Call for Support

Let's work together to inspire young minds and create real change. Mentorship truly bridges ambition and achievement. We invite more students, professionals, and well-wishers to connect with us. Your time, expertise, and support can illuminate the path for a deserving student.
